Conclusion And Future Work

Conclusion

Universally, blood is recognized as the most importantelement that saves life. It saves countless number of lives across the world. In today's world,where we can do many things from home, just by pressing one click, we can take advantage of that concept by making online solutions for the shortage of blood donors.

Future Work

In future , we add more features in this SUB Blood Bank.

1. Donor Registraion
2. Update Previous Donation Date

Thank You
